

## ベストオーラル賞 決定のお知らせ

下記受賞演題の筆頭著者(ご都合の悪い場合には共著者)の方は、本日(11/19) 15時45分からA会場で行う授賞式にご出席ください。  
筆頭演者の方には、別途案内メールをお送りします。

### O3-4

Human immortalized cell-based blood-brain barrier spheroid model is a useful tool for evaluation of macromolecular drug permeability via receptor-mediated transcytosis

○Keita Kitamura

Graduate school of pharmaceutical sciences, Chiba university

### O4-3

Mother-to-fetus transfer mechanism of tadalafil and sildenafil in pregnant mice

○Mari Ishii

Faculty of Pharmacy, Keio University

### O6-4

Comparison of anti-CTLA4 antibody therapy-sensitive and resistant murine models to elucidate causes of difference in response

○Haleigh Sakura Jones

Chiba University Graduate School

### O8-3

Translational Neuropharmacokinetic Model in Preclinical species and Humans for Quantitative Prediction of Brain-to-Plasma and Cerebrospinal Fluid-to-Plasma Unbound Partitioning

○Sho Sato

Global DMPK, Preclinical and translational sciences, Research, Takeda pharmaceutical company
